PRODUCT INFORMATION

Liquid Boron For Foliar Application

GUARANTEED ANALYSIS

Boron (B)10.00%

Derived from: Boric Acid

TECHNICAL INFORMATION

pH: 8.2
Specific Gravity: 1.30
Weight Per Liter: 1.30 kg
Appearance: water white to off white, clear liquid

GENERAL INFORMATION

1. For prevention or correction of nutrient deficiencies in most crops.
2. Recommended for use on most crops including vegetables and melons, agricultural crops and fruit and nut trees. Conditions of use vary according to cultivar, weather, soil and other factors. Therefore, application rates should be made as a result of soil or plant analysis in consultation with local agricultural authorities.
3. General recommended rate: 1-2 quarts per acre (2½ - 5 liters per hectare) in sufficient water to provide thorough coverage.
