

Belco Resources Equipment

8 - 10 - 12 Wheel Rake Carts

Belco Resources Equipment offers the top of the line in affordable 8, 10 and 12 wheel rake carts. Its simple compact design keeps moving parts down to a minimum, eliminating excessive wear points. A newly designed transport caddy gives a high ground clearance of over 20", which keeps the transport bar away from cut hay when raking under heavy conditions.

A wide six foot stance on the 15" transport tires keeps the rake stable in hilly terrain.

Double action hydraulic lift system allows for maximum control on any terrain.

Heavy 7mm tines keep tine breakage to a minimum

Adjustable raking angles allows the ability to regulate windrow width for a variety of baler openings.

The 10 Wheel rake is designed with a front mounting fingerwheel to allow it to quickly swivel out of the way when only an 8 wheel is needed.

Hyd. Kicker Wheel

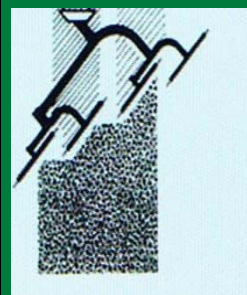

Single side raking feature

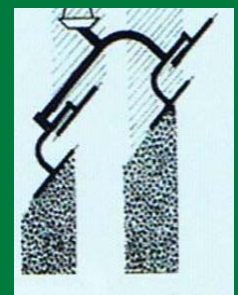

Technical Features

Model	RRC-008	RRC-010	RRC-012
Working Width	17' 8"	21' 0"	24' 4"
Transport Width	98"	98"	98"
HP Req.	30	30	30
Weight (lbs)	1,324	1,470	1,624
